DISCOVER ISLAM • NEW MUSLIM CENTRE

A Wholistic Da'wa Cycle.

From understanding Islam to belonging for life.

DISCOVER ISLAM | New Muslim CENTRE

A strong start. A lifelong foundation.

Support at the start. Belonging for life.

Dear Stakeholders, Partners, and Friends,

Since 2022, our responsibility has been to be there for every new Muslim beyond the shahada. The declaration of faith is a beautiful moment; building a new way of life is where the journey begins.

Our mission is to support every new Muslim's well-being and early development. Our vision is an interconnected ecosystem of care across the West, helping people build confidence, consistency, and belonging.

This report shares our progress and future plans, shaped by four years of listening to our community.

Looking ahead

We are grateful to our founders, team, and stakeholders. Together, we are scaling our boxes, expanding local hubs, developing a helpline, and mapping community growth.

Thank you for helping us welcome, protect, and nurture our community's future.

18 years responding to the needs of the UK

For 18 years we have assessed our environment and responded to the need in the UK for a better understanding of Islam. Following that, we supplemented this with services to support new Muslims in their well-being and development.

What follows reflects the national impact we have made within the Muslim and non-Muslim community to tackle these needs.
